

Hi all new students!!!

To begin with, congratulations on being able to study at Katedralskolan, the best upper secondary school in Lund. You will be able to take part in everything that the school has to offer and all events that we in the student council organize. During this time in school, we sometimes find ourselves struggling a lot with the school and other things. However, remember, it is also that time when all the fun begins. We in the student council are here to make your time at Katedralskolan as best and fulfilling as possible.

We are a democratic and independent organization that strives to give you a fun school experience. We will arrange events and fix so that you can get hold of sweaters with the school logo and many other things. Hopefully, you want to be a part of this and therefore everyone in the student council's board and I hope that you can soon call yourselves members of the student council.

To become a member is free and does not imply any obligations. Your time here with us starts soon and we hope you are looking forward to it. Until then, you can check us out on Facebook "Katedralskolans Fristående Elevkår", and Instagram @kattelevkar.

Lots of love, see you soon!

Sixten Ogenborn

Katedralskolans Fristående Elevkårs styrelse
